Name	Title	Phone
Brief description of Project: Think River! is an integrated watershed education program to provide opportunities for youth in the San Gabriel Valley regarding water quality, water supply and use, habitat, and other related uses. It will also provide youth involvement in the development of the Watershed Plan for the San Gabriel River Above Whittier Narrows (Watershed Plan) currently under development by SGMRC. Think River! is planned as a three-part program including: (1) <i>High School Student Mentor Training Program</i> to provide a tour of river sites, role playing exercises, visioning/brainstorming exercises, and training for future public involvement efforts (November 2003); (2) <i>Teacher Education Workshop</i> to provide facilitated workshops on watershed-related curriculum topics. Teachers will be given continuing education credit through Azusa Pacific University (October 4, 2003); and (3) <i>Youth Watershed Conference</i> to provide an interactive program for 5 th grade students on watershed-related curriculum topics. Students will follow assigned "tracks" to various "stations". Students will also participate in visioning/brainstorming exercises regarding the Watershed Plan (May 25, 2004).		
I certify that the information contained in this Project Application form and Application requirements is accurate.
